## **INTRODUCTION**

Section 241 of the BVI Business Companies Act, 2004 (“the Act”) empowers the Financial Services Commission (“the Commission”) to approve the form in which any document required or permitted to be filed, issued or produced under the Act or the BVI Business Companies Regulations (“the Regulations”), may be submitted. When such forms are approved by the Commission, they are to be published in the manner specified in regulations made pursuant to section 240 of the Act. The BVI Business Companies Regulations, 2012 (made pursuant to section 240) provide in regulation 26 that “the Commission publishes an approved form in the prescribed manner by publishing the form on its Internet site” (being the Commission’s website). Accordingly, the forms listed in Schedule 1 hereto have been approved by the Commission and published on its website thereby complying with the relevant statutory requirements under the Act.

It is therefore a requirement that any person wishing to submit an application to the Registry of Corporate Affairs (“the Registry”) in respect of any activity outlined in the Act must do so utilising one or more of the approved forms listed in Schedule 1. The forms themselves, which are detailed in Schedule 2, are designed to facilitate the receipt and efficient consideration of all applications submitted to the Registry. This process would be immensely aided and progressed in a timely manner if complete and accurate information is provided at the time of submission of an application.

All parts of the approved forms as applicable to an applicant for any specific transaction must be properly and accurately completed. No information should be provided which has the effect of misleading the Registrar in his or her consideration of an application. Applicants are to be guided by the guidelines provided hereunder and any applicant who may be uncertain as to the requirement or meaning of any subject contained in or connected with any approved form should consult the Registrar of Corporate Affairs or the Deputy Managing Director, Corporate Services for clarification.

# **GUIDELINES**

## **Commencement**

1. These Guidelines come into effect on 15<sup>th</sup> October, 2012 save for paragraphs 5.4 and 5.5 and Part 7 - **Effecting corrections to completed forms** which will come into effect on 1<sup>st</sup> January 2013.

## **Application**

- 2.1 These Guidelines apply in relation to the approved forms outlined in the Schedules. In completing an approved form, every registered agent is required to have regard to these Guidelines to assist them in properly completing the approved forms applicable in their case.
- 2.2 The approved forms relate to the various pre and post-incorporation transactions that may be submitted to the Registry for processing via the VIRRGIN platform. These forms provide for the submission of applications and notices relating to both BVI business companies and limited partnerships.
- 2.3 All forms must be completed online using VIRRGIN and must be accompanied by any and all required supporting documents which must be submitted at the time of online submission of the relevant application or notice.

## **Definitions**

- 3.1 For the purposes of completing an approved form, a registered agent should have regard to these definitions:

“approved form” means any form outlined in Schedule 3 as applicable in relation to an application or notice specified in the Act requiring submission in an approved form;

“Commission” means the Financial Services Commission established under section 3 (1) of the Financial Services Commission Act, 2001;

“registered agent” means registered agent as defined in the BVI Business Companies Act, 2004 and includes any other person authorised to submit documents to the Registry of Corporate Affairs;

“Registrar” means the Registrar of Corporate Affairs or any person authorised to act on his or her behalf;

“Registry” means the Registry of Corporate Affairs;

“registry legislation” means any financial services legislation that is listed in Part II of Schedule 2 of the Financial Services Commission Act, 2001; and

“VIRRGIN” means the Virtual Integrated Registry Regulatory General Information Network system used by the Registry of Corporate Affairs to process transactions.

- 3.2 Any term not defined in these Guidelines will be construed in accordance with the provisions of the BVI Business Companies Act, 2004 or any other relevant registry legislation.
- 3.3 Any reference to “application form” will be construed to relate to the approved form.

### **Approved forms**

- 4.1 There are fifty-two (52) forms that may be used when submitting applications or notices for the various pre and post-incorporation transactions processed by the Registry. Six (6) of these forms relate to pre-incorporation transactions, while twelve (12) are specific to transactions related to limited partnerships. The remaining thirty-four (34) forms relate to post-incorporation transactions associated with BVI Business Companies. The forms associated with the transactions authorised by the Registry are outlined in Schedule 1.

### **Completing approved forms**

- 5.1 Every applicable Form detailed in Schedule 2 with respect to an application or notice is to be fully and accurately completed before the application or notice is filed with the Registrar. Where a registered agent is uncertain regarding the information to be provided in respect of any particular Form, he should seek clarification from the Registrar.
- 5.2 Where any information required in or in respect of an approved form is not available or known to the registered agent submitting the form, this should be stated. It would not assist the processing of an application where information supplied in relation thereto cannot be properly defended or attested.
- 5.3 Where information in relation to an application or notice that is required to be provided in an approved form does not apply in respect of the company or individual to whom the application or notice relates, this should be stated in the application or notice by putting the words “not applicable” or “n/a” in the appropriate place on the form.
- 5.4 Where upon reviewing an application that has been submitted for processing the Registrar determines that the application contains errors or deficiencies, or that the company to which the application relates is not in Good Standing, the Registrar may reject the application.
- 5.5 Where an application is rejected in accordance with paragraph 5.4 above, the applicant will be required to file a new application in relation to the transaction that has been rejected.

### **Attachments to applications and notices**

- 6.1 Where information required in an approved form takes the form of a separate document, the document is to be attached to the approved form.
- 6.2 Where information that is required to be provided as an attachment is not included with the approved form, the Registrar may reject the application. Where the application is rejected the registered agent will be notified accordingly.

### **Effecting corrections to completed forms**

- 7.1 If, after filing an application or a notice, it becomes known that information provided in or in relation to the application or notice has changed or is inaccurate or may be misleading, the registered agent, or other person allowed by the Act, submitting the application or notice, will be required to re-file the application or notice with the Registrar immediately of becoming aware of the changed, inaccurate or misleading information.
- 7.2 If in the course of reviewing the documentation submitted the Registrar becomes aware that the information submitted is no longer accurate, she will notify the registered agent and request that the application or notice be re-filed immediately.
- 7.3 Documents that are re-filed should be labeled with the word “Amended” or it should be stated in the application or notice that the re-filed documents supersede those previously filed in relation to the same transaction. Such filings, however, may only be made in relation to amendments where the process for filing is not specified in legislation.
- 7.4 Applicants should note that the filing of corrected documents will not change the effective date of the previously filed transaction; however, the new filing will be labeled as an amendment to the previously filed document and will carry the date that the new filing was accepted by the Registrar.

### **Requiring additional information**

- 8. It should be noted that the Registrar, in the exercise of her general powers, reserves the right to seek clarification or request additional information from any registered agent who submits an application or notice for processing. It is therefore essential that where, for any reason, clarification sought or requested information is not available or cannot be provided, that fact is notified to the Registrar as quickly as possible in order to enable the Registrar to dispose of the application or notice appropriately.

### **When application considered to be properly filed**

- 9. The Registrar will consider an application received to be fully completed and ready for processing when all the required applicable information in respect of the application is provided. However, this does not derogate from any clarification or request the Registrar

may seek or make pursuant to paragraph 8 above. In such a case, the application will not be considered complete and may be rejected by the Registrar.

### **Payment of fees**

10. Every application, notice or other document filed with the Registry must be accompanied (where applicable) by the requisite fee in relation to the application or notice. No application or notice shall be processed by the Registry unless the fee payable is received.

### **Attestation**

- 11.1 Every approved form contains a declaration which must be properly completed by the registered agent submitting the application or filing the notice or other document on behalf of the company or individual to whom the application or notice relates, and all the required information must be provided.
- 11.2 Every approved form also requires that contact details of the person making the declaration be provided. These contact details include the person's name, agent number, physical address, his or her telephone number and his or her email address. It should be noted that the provision of such information is essential in facilitating the processing of any application, notice or other document filed, especially where the Registrar finds the need to communicate information and/or documents on an urgent basis.

### **Processing of applications and notices**

12. The Registry will endeavour to process all completed applications, notices and other documents filed and communicate the Registrar's decisions, where applicable, to the registered agent in a timely manner within the framework of the Commission's *Performance Accountability and Supervisory Service Standards*.

### **Submission of completed applications or notices**

13. All completed applications or notices, along with supporting documents and/or other attachments should be submitted through VIRRGIN for processing by the Registry.
